Victoria Rupees.

The following Press Communique, dated the 15th July 1937, of the Controller of the Currency reiterating that Victoria Rupees continue to be legal tender and that they are exchangeable at their full face value, is published for general information.

"In accordance with a recent decision, Victoria Rupees are not ordinarily reissued from treasuries or from Banks which transact Government business, and these rupees are thus being gradually replaced by coins of more recent mintage. It is understood that in some districts this decision has led to a belief that Victoria rupees are no longer legal tender. This belief is entirely erroneous. Victoria rupees are exchangeable at their full face value and there is no intention of altering the existing position in this respect."
